Liability

Due to the nature of tapes & their diminishing quality over time, unfortunately they sometimes unravel in the player and/or become damaged. This damage can't be undone. Running lines, poor colour & poor/out of sync sound are other factors which may occur to tapes over time. These issues can't be fixed & are all beyond our control. If any of these issues arise whilst we are converting your VHS tapes, we WILL NOT be liable for any damages. You WILL NOT be compensated for any colour, sound or tape quality issues which may occur. If a tape unravels & can't be converted we will refund the cost for THAT TAPE only.

By booking our services, you agree to these conditions. At time of pickup/drop-off you will be required to sign 2 copies of these T&Cs (one for our records & one for you to keep).
